Odhikar defends the civil, political, social, economic and cultural rights of the people and as part of its mission, observes reports and analyses the human rights situation of Bangladesh. Odhikar documents and records violations of human rights and receives information from its network of local human rights defenders and by monitoring media reports in twelve national daily newspapers. Odhikar conducts detailed fact-finding missions into incidents of serious human rights violations. In line with this campaign, an account of the human rights situation of Bangladesh covering the month of November 2011 is presented below:

### **Mayor of Narshingdi killed in Political Violence**

- 1) According to information gathered by Odhikar, in November 2011, 15 persons were killed and 759 injured in political violence. 27 incidents of internal violence in the Awami League and 10 in the BNP were also recorded during this period. In addition to this, 04 persons were killed and 267 people were injured in Awami League internal conflicts while 163 were injured in BNP internal conflicts.
- 2) In this persistently violent political atmosphere, the Mayor of Narshingdi municipality and General Secretary of the town Awami League, Lokman Hossain, was shot and killed by a gang of miscreants on November 01, 2011. In this regard the deceased's brother, Mohammad Kamruzzaman, filed a complaint with the Narshingdi Sadar Police Station against Salauddin, the local Awami League leader and younger brother of Rajiuddin

Ahmed, the Post and Telecommunications Minister; and 14 others.<sup>1</sup> Till date, the police have arrested 7 persons in relation to this murder. Narshingdi district unit President of BNP, Khairul Kabir Khokon, had also been arrested as a suspect. He was later acquitted from the case after filing of the FIR by the deceased's brother.

- 3) Evidence suggests that tension and violence between the two major political parties and the internal conflicts within the parties are the primary source of such political violence.
- 4) Odhikar is concerned about the persistent culture of violence in the main political parties despite their rhetoric of tolerance and democracy. Odhikar demands that the government must take effective measures to put an end to this violence and that immediate legal action be taken against those involved in such acts.

### **Meetings and Assemblies disrupted through imposition of Section 144**

- 5) In the month of November section 144 of the Code of Criminal Procedure was imposed in order to obstruct meetings and assemblies. Complaints have been received that most of these incidents have been initiated by the ruling party Awami League. In the month of November 11 meetings have been obstructed across the country through the imposition of this section of the law.
- 6) On November 09, 2011, local members of the BNP arranged a pre-announced meeting at Shorshak Cheriara High School field in Shahrasti upazilla, Chadpur district; the local Awami League also called a meeting at the same location at the same time on that day. In this situation, the Shahorasti upazilla administration imposed section 144 and barred both meetings from taking place there.<sup>2</sup>
- 7) Odhikar has observed that meetings for which prior permission had been obtained from the administration were prevented from taking place by the imposition of section 144 of the Code of Criminal Procedure. Odhikar condemns such conduct. Odhikar believes that all citizens are entitled to call and execute peaceful meetings, carry out their work and to scrutinise the action of the legislature and members of the government under Articles 38 and 39 of the Constitution.

### **Agreement for the Construction on India's Tipaimukh Dam must be cancelled**

- 8) On October 22, 2011, NHPC<sup>3</sup>, SJVN<sup>4</sup> and India's Manipur State government signed a joint venture agreement for the construction of the Tipaimukh Dam and a hydro-electric power station. If this dam and power station are built, a large area of the mountainous terrain will drown under water. Environmentalists also fear that after the construction of

the dam, it may collapse in the face of an earthquake and cause severe damage to Assam and Bangladesh. Temporary and permanent dams have already been constructed on 42 out of the 54 rivers that flow from India to Bangladesh. Currently a dam is being built in Sari River and agreements are being made for the construction of Tipaimukh Dam. Only 15% of the water is currently required by India. Despite this, India, in disregard to International River laws and other rules and regulations, is withdrawing water.<sup>5</sup>

- 9) Odhikar expresses discontent with the fact that the Bangladesh government has yet to take any step to strongly object to unilateral decision taken by the Indian government to void this agreement; which, if implemented, will have serious negative impact on Bangladesh. In meetings between the Heads of States of the two countries in both 2010 and 2011, Indian Prime-Minister Manmohan Singh had assured that no plan which would adversely affect Bangladesh would be implemented in Tipaimukh. India had also promised that Bangladesh would be informed before any project is initiated on Borak River.<sup>6</sup> Odhikar is concerned about India's failure in this regard. Odhikar urges Bangladesh government to take immediate diplomatic action to defend her right over international rivers as a country in the downstream and explore avenues internationally to protect Bangladesh from the potential devastation that might be caused by the Tipaimukh project.
- 10) Odhikar also appeals to the human rights defenders of the both countries to act together to stop the project that will cause harm to people of both side of the border.

### **Human Rights Infringement by the Border Security Force**

- 11) Killing, abduction and allegations of torture of Bangladeshi citizens at the hands of the India border security force, BSF, have continued through the month of November, 2011. According to Odhikar's documented statistics, in the month of November, 2011 03 Bangladeshi citizens have been killed by the BSF, 05 Bangladeshi citizens have been injured and 02 have been abducted allegedly by BSF.

Dipankar Bhattacharjya, Head of Police of southern Dinajpur, West Bengal, has mentioned that medical tests have proven that Rabiul Islam had been physically tortured.<sup>9</sup>

### **Recommendations**

- 1) The Government must take effective action in order to first mitigate and eventually put an end to political violence. The law enforcement agencies need to work proactively in order to stop violence. They must execute their duties in an accountable and unbiased manner.

- 2) The Bangladesh Government must, without delay, take a strong stance against the construction of Tipaimukh Dam and must put pressure on the Indian government so that they refrain from doing so, for the good of both countries
- 3) Extra-judicial killings, torture and enforced disappearances must be brought to an end. Proper and independent investigations should be conducted to identify and arrest those involved in taking such extrajudicial actions. These perpetrators must be brought to justice.
- 4) Those involved in attacks on journalists and in attempts to suppress free media must be identified, arrested and convicted through trials.
- 5) The Bangladesh Government should investigate all the incidents of killings and torture of Bangladeshi citizens by the BSF and demand the trial and punishment for the perpetrators as well as adequate compensation from the Indian Government for the families of the victims. The Government should also ensure the security of Bangladeshi citizens residing in the border areas.
- 6) The government must take effective measures to put an end to violence against women. The perpetrators must be brought under the purview of the law to ensure that justice is served. Public awareness regarding the rights of women, prevention of violence against women and children, and related laws must be incorporated into primary, secondary and higher secondary school books.
